Shown with a 6/4 screen
mounted to a Vastex press.

\$595*
for one color
numbering to 8"

\$895* with
numbering
screens

TURNING AWAY PROFITABLE NUMBER PRINTING?

This system is easy, fast and affordable. And it will work with most manual presses on the market today.

USING HEAT TRANSFERS?

Say good-bye to registration problems, excessive cost, low output, limited colors, batch-to-batch color inconsistencies, peeling, and high reject rates.

USING STENCILS?

Say good-bye to registration problems, low output, high reject rates, and the mess.

FOR SMALL TO MID-SIZE ATHLETIC GARMENT SUPPLIERS PRINTING SEVERAL SHIRTS TO SEVERAL HUNDRED AT A TIME.

- Converts any rear-clamp press** with a minimum of two print heads into a numbering press in 20 seconds!
- Prints 2 to 3 times faster than any comparable numbering system!
- Eliminates ALL the drawbacks of heat transfers and stencils!
- Prints numbers up to 8-inch with a V2NS-8, or up to 12-inch, #V2NS-12
- Each system includes two sets of squeegee towers, shown clamped to screen in photo. Squeegee tube sold separately
- With a large 4 color or an 8 color press, you can print 2 color numbers. Contact Vastex for details.

\$895*
for 12" one color
numbering

\$1895*
for 12" one color
with screens

CHECK THIS OUT!

This system is not just for numbering. Other applications include name printing, pocket designs or burning multiple images on the same screen. The possibilities are endless with this universal system. See the reverse side for screens, positives, squeegees, shipping weights, and dimensions.

"Thank you for your interest in this exciting new product!" -Mark Vasilantone, President

* List Price (USD). Price does NOT include crating and shipping charges. ** Rear clamp press must be able to hold 26 lbs and have strong print head. 6% sales tax will be added for PA billing addresses. Prices subject to change without notice.
